

About Us

Though more than 100 years old, Extension is as vital as ever, and perhaps even more so, due to the increased diversity and complexity of the issues people encounter today. The Extension system continues its longstanding tradition of extending the university to the people to improve the quality of life for individuals, families, and communities.

Have you ever considered that they've got the milk, but what assures dairy profitability?

Insurance for Dairy & Alfalfa-Forage Producers and other Risk management tools. Please attend: Wednesday, February 24, 2016 - *Lunch Provided*

Key Offerings

There will be valuable information provided: Including insurance education for both Dairy and Alfalfa/Forage producers *.

The programs for Dairy Producers will be the Margin Protection Program (MPP) and the Livestock Gross Margin (LGM) Insurance program, including use of web tools.

Insurance programs will also be presented and discussed for alfalfa and pasture (forage production, etc.).

Please attend our Millard County Extension workshop presented by Hernan Tejada, Applied Economics Specialist, and Dillon Feuz from Utah State University; and John Hewlett from Right Risk

When: February 24, 2016

Time: Alfalfa Producers – 10:30-11:30am.

Lunch: 11:30-12:15 - *Lunch provided for all attendees.*

Time: Dairy Producers – 12:15-2.30 pm.

Location: Delta Extension Office

83 S. Manzanita Ave.

Delta, UT 84624

Please RSVP to (435) 864-1480 by no later than Friday February 19, 2016, 4:00pm, thank you.

- Please note that there are two different presentations; the forage/crop workshop will be before lunch, the dairy workshop will be following lunch.

Why will this Workshop be beneficial to you?

The objective will be to increase your knowledge, the producers of Dairy and Alfalfa/Forage, enabling **You** to make better informed decisions for risk management purposes.

* And other Risk Management tools, as well as a brief market outlook.
